Re: July 2015 Remedial Investigation Report  
Standard Chlorine Chemical Company Superfund Site, Hudson County, New Jersey

Dear Mr. Zubrow:

The United States Environmental Protection Agency (EPA) has completed its review of the July 2015 Remedial Investigation (RI) Report for Standard Chlorine Chemical Company Site, which was submitted on July 22, 2015. EPA transmitted comments on the RI Report on September 17 and 21, 2015 via email. The RI Report was revised and resubmitted on October 9, 2015.

The revised RI Report is responsive to EPA's comments and is hereby approved. Please provide EPA with a set of revised pages (including report cover page and title page) and two electronic copies of the RI Report. Please provide NJDEP with a set of revised pages and an electronic copy of the RI Report as well.

If you have any questions, please feel free to contact me at 212.637.3959.

Sincerely yours,
